- Green Synthesis of Gold Nanoparticles (AuNPs) Using Butterfly Pea Flower (Clitoria ternatea) Extract: Effect of Reaction Time on Particle Characteristics 2541 - 2554
Satria Putra Jaya Negara, Andi Eka Kartika

The East Asian Journal of Multidisciplinary Research (EAJMR) stands as a scholarly platform dedicated to advancing research that spans diverse disciplines, fostering an academic space where complex, cross-field questions are explored and interdisciplinary approaches are encouraged. In a world where the boundaries of knowledge are continually expanding, EAJMR recognizes the importance of multifaceted perspectives and collaborative research to address the intricate issues of our time.

Since its inception, EAJMR has upheld a commitment to scholarly rigor and open access, providing researchers and practitioners with free and immediate access to research findings. This commitment not only supports a more inclusive dissemination of knowledge but also aligns with our mission to contribute to academic growth and innovation across East Asia and beyond. Our contributors include academics, practitioners, and experts whose work bridges theory and practice, with the potential to drive impactful change across disciplines and communities.

Each edition of EAJMR brings together original research articles, reviews, and methodological insights from a broad array of fields such as social sciences, technology, education, humanities, and environmental studies. By promoting both depth and breadth in academic inquiry, EAJMR serves as a resource for professionals, scholars, and students who seek a richer understanding of the multifaceted challenges and opportunities in today's globalized context.

In closing, we extend our gratitude to the researchers, reviewers, and editorial board members whose dedication and expertise make each publication possible. Together, we look forward to fostering an environment of collaborative learning and impactful research through each issue of EAJMR.

Happy reading

Professor Jen Peng
Huang, Ph.D Editor
in Chief
